Montréal Québec H3B 2J8

TO : SHAREHOLDERS OF 6356095 CANADA INC.
(FORMERLY EXCAPSA SOFTWARE INC.) ("EXCAPSA")

FROM: XMT LIQUIDATIONS INC., ITS COURT-APPOINTED LIQUIDATOR (THE "LIQUIDATOR")

We continue to actively pursue details of the recently announced sale of the Cereus Poker Network to Blanca Games Inc. The court application seeking authority to examine knowledgeable individuals has been adjourned to September 24, 2010, as certain of these individuals have hired legal counsel and, together with Blast Off Limited and Chief Joe Norton, have indicated an intention to file opposing materials. We are seeking to examine any individuals or representatives of entities reasonably thought by the Liquidator to have knowledge in connection with the recent transactions and related matters including management of the Tokwiro Group, their advisors, representatives of Blanca Games, and representatives of the secured creditor.

We have learned that the purported sale to Blanca Games was made by an entity known as Absolute Entertainment S.A., a Belize company, apparently under the authority of security granted to an entity known as Avoine-Servico de Consul tadoria E Marketing, LDA, a Madeira private limited company. None of these entities were previously identified to the Liquidator by the Tokwiro Group.

In the meantime, we have re-activated the enforcement of certain security held by Excapsa. We are seeking the release of the non-US resident customer database held in escrow and have served a notice of default on the escrow agent. We have also re-engaged counsel in Malta to take certain actions relating to the main entity that owned and operated the ub.com business.

The Tokwiro Group has taken the position that the sale of the Cereus Poker Network to Blanca Games did not violate or compromise Excapsa's rights as a major secured creditor. We disagree with this position and intend to vigorously pursue all available legal remedies to protect Excapsa and its shareholders.

We intend to provide weekly updates and would urge shareholders to review our website regularly.

We are also pleased to advise that the remaining \$5 million shareholder distribution will be released by month end.

Dated this 20th day of September, 2010.

XMT LIQUIDATIONS INC.
